WE KEEP YOU LIFTING

Australia wide, Pacific Islands & Indonesia

Service

TRT have been servicing and repairing cranes and supplying crane parts and advice to the industry for more than 50 years. We are known for our expertise in major inspections and rebuilds across many makes and models.

Our maintenance programmes are designed for your operation. Our expertise means you get the very best in crane support, that minimises your downtime!

Experienced Technicians

Our crane technicians are fully qualified, factory trained, and experienced in service and repairs across all makes and models of cranes. With extensive experience in the Australian crane industry, our team of 20+ includes:

- Crane Service Technicians
- Field Technicians
- Diesel Mechanics
- Fabricators and Welders
- Auto Electricians
- Hydraulics experts

Service and Maintenance

We offer a range of service and maintenance options to suit your fleet and your operation. With a team of service technicians, operating in the most remote locations and mining sites across Australia, PNG, Indonesia and the South Pacific we are here to help.

Insurance Claims and Repairs

We are a registered repairer with most major insurance companies. We carry out structural repairs and re-fabrication on all crane makes and models, to the quality of the OEM manufacturer, all in one location.

Boom Repair and Fabrication

We specialise in telescopic boom section repair and re-fabrication. Coupled with our onsite expertise in hydraulic repairs, we will get you back and operational faster to OEM standard, all certified and ready for operation.

Whatever. Wherever. Whenever. We're there™

Manitowoc Crane Care is our commitment to the same high standards of total customer and crane care 24/7, 365 days a year, for the life of your Grove, or Manitowoc crane and beyond!

Major Inspections and Rebuilds

Specialist, fully engineered and certified 10 and 25 yr inspections and crane rebuilds with a turnkey finish, so your crane can go right back to work!

- 25 year major inspection rebuilds
- 10 year major inspection rebuilds
- Authorised insurance repairs
- Repair and inspection for sale
- General rebuilds

HIAB

HIAB Installation, Service & Parts

TRT are your local HIAB service agent. Our factory trained technicians provide full warranty services, repairs and maintenance for HIAB, Jonsered, Moffett and Multilift. We install HIAB equipment onsite including HIAB cranes, Jonsered log cranes, Moffett and Multilift. We provide HIAB Procure™ tailored maintenance support. We have an extensive range of genuine HIAB parts available, with stock onsite.

We provide HIAB service support and parts throughout Brisbane, Gold Coast and North QLD.

Parts

You can count on us to deliver! Breakdowns happen when we least expect or need so we have a team focused on delivering parts you need, when you need them and at competitive prices. We save you time and that saves you money!

If we don't have the part, we will find it!

We have a large range and stock of parts across most cranes and equipment classes, makes and models.

We have an extensive parts supply network throughout Australia and around the world. With delivery times from TRT you can rely on, plan your repair schedule and get your crane back to the job site faster.

OEM and Japanese Manufactured Parts

We stock only quality genuine components, OEM crane parts, and aftermarket parts, including Japanese manufactured crane parts. We only use the best in house, so we only offer our parts customers the best.

Our Range Includes:

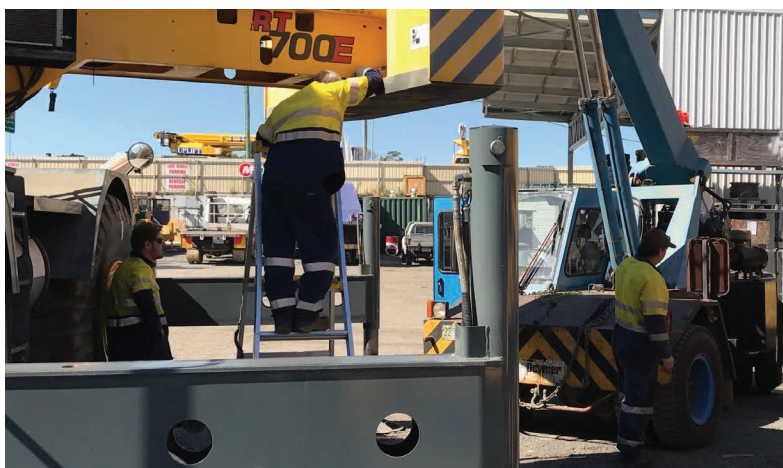

- TIDD Crane Parts
- Grove Crane Parts
- Manitowoc Crane Parts
- HIAB Parts
- KAB Operator Seats
- TRT Trailer Components
- TRT Crane Outrigger Pads
- Kessler Crane and Truck Axles
- Crawler Tracks - Any Make and Model
- Robway LMI Systems and Components
- All Load Systems and Components
- Aftermarket Crane and Heavy Transport Parts
- Ancillary Equipment for Manitowoc, Grove, TIDD
- Hydraulics, Hose Fittings and Parts

...for the long haul

Built on a rich history of innovation, TRT delivers full quality solutions from new equipment to aftermarket parts and service. Specialising in the construction, transport, mining and defence sectors, our manufacturing facility in NZ is certified ISO 9001:2015. We have a reputation for innovation and expertise in the design, manufacture and supply of product that is fit for purpose.

TIDD Crane

We design, manufacture and distribute the TIDD pick and carry crane, a true Australian workhorse. The TIDD PC28, a 28t roadable crane, is setting a new standard for articulating crane safety and operator comfort, available from TRT or one of its distributors, Australia wide.

Manitowoc Cranes

We have the oldest Grove dealership in the world, and we represent Manitowoc crawler cranes and Grove all terrain and rough terrain cranes in QLD. We have new cranes available onsite and support our customers with Manitowoc Crane Care® 24/7.

Trailers

The TRT range of trailers and low loaders includes deck and axle wideners, swing-wings, with 1 and 2 rear steer, with a huge range of options. Our range also includes house trailers, and forklift trailers. We are specialists in crane trailers, and are known for our innovative platforms with multiline axles and the new ESS, ground breaking electronic steering systems and Quick Connect modular systems, ensuring your asset is working harder, every day!

Defence

With fully integrated engineering design, manufacturing and fabrication capability and MRO support, we are a recognised supplier to Australian Defence. Working with Prime Contractors and the Defence industry across all theatres of operation, we are a supplier to a number of key Defence projects.

Our Team

We take as much PRIDE in your crane-care as you do.
