Australia Wide & PNG

After hours support 1800 849 029

TRT have been servicing and repairing cranes and supplying crane parts and advice to the industry for more than 50 years. We are known for our expertise in major inspections and rebuilds across many makes and models.

Our maintenance programmes are designed for your operation. Our expertise means you get the very best in crane support, minimising your downtime!

EXPERIENCED TECHNICIANS

Our crane technicians are fully qualified, OEM trained and experienced in service and repairs across many crane makes and models. With extensive experience in the Australian crane industry, our team includes:

- Crane Service Technicians
- Field Technicians
- Diesel Mechanics
- Fabricators and Welders
- Auto Electricians
- Hydraulics experts

SERVICE AND MAINTENANCE

We offer a range of service and maintenance options to suit your fleet and your operation. Our experienced team of service technicians are able to attend most remote locations and mining sites across Australia and PNG.

INSURANCE CLAIMS AND REPAIRS

We are a registered repairer with most major insurance companies. We carry out structural repairs and re-fabrication on most crane makes and models, and to the quality of the OEM manufacturer.

BOOM REPAIR AND FABRICATION

We specialise in telescopic boom section repair and re-fabrication. Coupled with our onsite expertise in hydraulic repairs, we will get you back and operational faster to OEM standard, certified and ready for operation.

MANITOWOC CRANE CARE®

TRT are part of the worldwide Manitowoc Crane Care® network, that is designed to extend the life of your crane. As the Queensland distributor, we support you for the life of your Grove or Manitowoc crane!

MAJOR INSPECTIONS AND REBUILDS

Specialist, fully engineered and certified inspections and crane rebuilds, so your crane can go right back to work!

- Major inspection
- Crane rebuilds - most makes and models
- Authorised insurance repairs
- Repair and inspection for sale
- General crane rebuild

CRANE PARTS

Breakdowns happen when we least expect or need. TRT has a team focused on delivering the crane and machinery parts you need, when you need them, at competitive prices, minimising downtime and keeping you operational.

WE SOURCE PARTS, GLOBALLY!

We understand up time is critical. We offer an extensive range and a large stock of parts across most cranes types and equipment classes, makes and models to get you back on the jib as fast as possible. We have an extensive parts supply network throughout Australia and around the world to help keep you lifting.

OEM AND AFTERMARKET PARTS

We supply quality genuine components, OEM crane parts, and aftermarket parts. We chose to use the best in house, so we only offer our parts customers the best too.

- Crawler Tracks
- Robway LMI Systems and Components
- All Load Systems and Components
- Hydraulics, Hose Fittings and Parts
- Ancillary Equipment for Manitowoc, Grove, TIDD and Kobelco

Competitive Prices

Advice & Support

We are distributors of Robway. Robway are leading developers and manufacturers of safe load indicators and line-tension monitoring equipment for all types of cranes, capacities and heavy lifting equipment. We stock a full range of systems and components to retrofit your crane, with install options available including RCIs, sensors and web enabled data telemetry, for 24/7 coverage of your gear.

Built on a rich history of innovation, TRT delivers full quality solutions from new equipment to aftermarket parts and service. Specialising in the construction, transport, mining and defence sectors, our manufacturing facility in NZ is certified ISO 9001:2015. We have a reputation for innovation and expertise in the design, manufacture and supply of product that is fit for purpose.

TIDD CRANE

We design, manufacture and distribute the TIDD PC28 pick and carry crane, the ultimate pick and carry crane for capability, safety and operator comfort.

It is constructed using the highest quality components and prioritises safety throughout its revolutionary design features. Designed by the industry, the TIDD Crane is the right option for a wide range of operating environments from construction and civil projects to mining and infrastructure. TIDD Crane has authorised dealers throughout Australia.

MANITOWOC CRANES

TRT boasts the longest established Grove dealership in the world. We represent Manitowoc crawler cranes and Grove all terrain and rough terrain cranes in Queensland and we support our customers with Manitowoc Crane Care®.

KOBELCO CRAWLER CRANES

TRT are the Kobelco Crane distributor for Australia, New Zealand, and the South Pacific

regions. From Hydraulic Crawlers to lattice booms and base machines, there is an option for your operation. For new and existing Kobelco owners, TRT has expert technicians, service, and parts back up.

TRT TRAILERS

The TRT range of quality designed and manufactured trailers and low loaders / floats includes deck and axle wideners, swing-wings, and steering axles. We are specialists in crane trailers from ancillary equipment to booms. Our trailer range also includes House trailers and platforms using TRT's patented ESS (electronic steering system). The Quick Connect modular systems add flexibility to ensure TRT trailers are designed for your operation.

DEFENCE

We have fully integrated engineering design, manufacturing, fabrication, and MRO support operation. From concept to supply, and working with Prime Contractor Rheinmetall, we are a recognised supplier to ADF, across a number of key projects.
