Tyres	12 of 265 70R 19.5 tubeless radials.
Spare Tyre Mount	No spare or mount supplied to meet tare weight

Braking	To meet ADR regulations, EBS
Lighting	LED lighting system to meet ADR requirements.
Yard Release	Fitted on RHS.
Landing Legs	Just wind up legs
Paint	Grit blasted, primed and painted in 2K paint system, electrostatically applied for full coverage.

Please Note: Specifications shown above for Australia, please contact us for New Zealand specification for and other countries.

Trailer Options

TRT has a wide range of standard and customisable options available for each trailer. These options are designed fit for purpose.

Design and Engineering

TRT has a full range of design and build capability. If you require a transport solution or have a specific purpose for your new trailer, TRT are able to work with you from initial sketches or specifications to create fully engineered design solutions for your payloads now and in the future.

Manufacturing

TRT design, fabricate and manufacture in house. TRT are accredited ISO 9001:2015, quality is critical to ensure your trailer will meet and in most cases exceed your requirements to minimise payback period. When you choose a trailer from TRT, it's for the long haul.
